

■ Elite Twist - CRR

Introduction

A new "twist" on the cap-less design. Twist the back 20% of the drive left or right; half rotation out, half rotation in. Spins either way without mechanical stop.

Features

- Beautiful painted surface in Carmine Red, Ebony or Pearl
- Small enough to be carried in your pocket
- Compatible with USB 2.0 and USB 1.1
- Tether attachment point on

Specification

- Windows XP, Vista, 7 (32 & 64 bit drivers available)
- Mac OSX (10.2+)
- USB 2.0 port (USB 2.0 recommended for maximum speed)
