

# GO FOR THE GOLD!

Add some shine to your shelter with this sweet selection of gilded gear.

#### Midas' MacBook

Oregon-based **Computer Choppers** is the Jacob the Jeweler of the consumer electronics world—blinging out iPods, cell phones and laptops in gold, silver and platinum. For the ultra-thin **MacBook Air**, Macolytes can choose among flat, brushed or polished finish metals. They'll even encrust Steve Jobs' iconic logo with diamonds. Starts at \$3,500. #### Money, Money, Yo, Yo!

The **SPYY Pure Gold Yo-Yo** is made from die-cast aluminum (the ideal material for performing tricks), and plated with 18-karat gold (the ideal material for flaunting vulgar wealth). This toy collector's dream even features a 100-percent polyester string flecked with metallic gold and ships in a protective walnut box. Walking the Dog was never so tacky! \$350. #### Bottled Gold

In honor of the 200-year anniversary of Mexican independence, high-end tequila maker **Tequila Revolution** is selling a limited edition bottle (200 in all), plated in 24-karat gold and encrusted with 1,700 red, white and green Swarovski crystals. Uncork it, and you'll discover golden, 100-proof or extra añejo tequila. \$6,000. [tequilarevolution.com](http://tequilarevolution.com)

**Board Certified** ♠

Mike V (as in "Vallely") is a pro skater who blogs for the Anaheim Ducks and an actor (most recently in 2009's *Paul Blart: Mall Cop*). He's also a designer, having crafted the **Element Mike V. Black Bolt** skateboard, which he emblazoned with a golden lightning bolt. It's so pretty, you may never want to ride it. \$65, [elementskateboards.com](http://elementskateboards.com)

**Nuthin' But A Gold Thang** <<

**Beats by Dr. Dre** headphones are among the best money can buy. The sleek, noise-canceling cans deliver crisp highs, clean mids and booming bass. They also ship in dozens of colors, but if you're like Goldust, you'll desire the scratch-resistant "Goldrush." Go to [colorwarepc.com](http://colorwarepc.com) to customize a pair of the noise-canceling headphones. Yes, right now! \$500

**Indiana Jonesin'** ♠

"Throw me the idol, I'll throw you the whip!" This **Fertility Idol Pencil Holder** is a replica of the treasure pilfered by Indiana Jones in the frenetic opening scenes of *Raiders of the Lost Ark*. But instead of braving booby traps and bow-wielding natives, you can unearth it from the safety of your Aeron chair. \$30, [thinkgeek.com](http://thinkgeek.com)

**USB-ling** ♠

How do you add a bit more class to a bland-looking USB drive? Duh! Dip it in gold! The water-resistant **Super Talent Gold Pico USB Drive** is available in 2GB to 32GB varieties and is great for storing or schlepping the most sensitive of files. It's also the perfect "I've made it!" accessory for smarmy Silicon Valley bazillionaires. \$100, [supertalent.com](http://supertalent.com)
