

SSD ID Checker

**ULTRA Drive GX / GX2 model
mSATA Master Driver KX2 model**

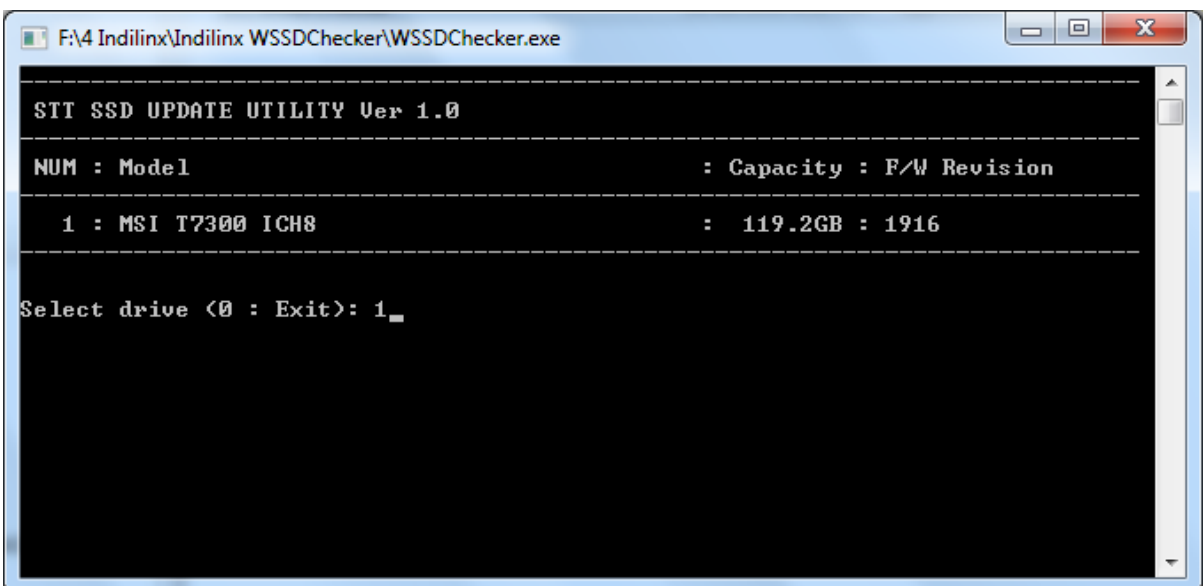

July, 2010

Super Talent Technology, INC.

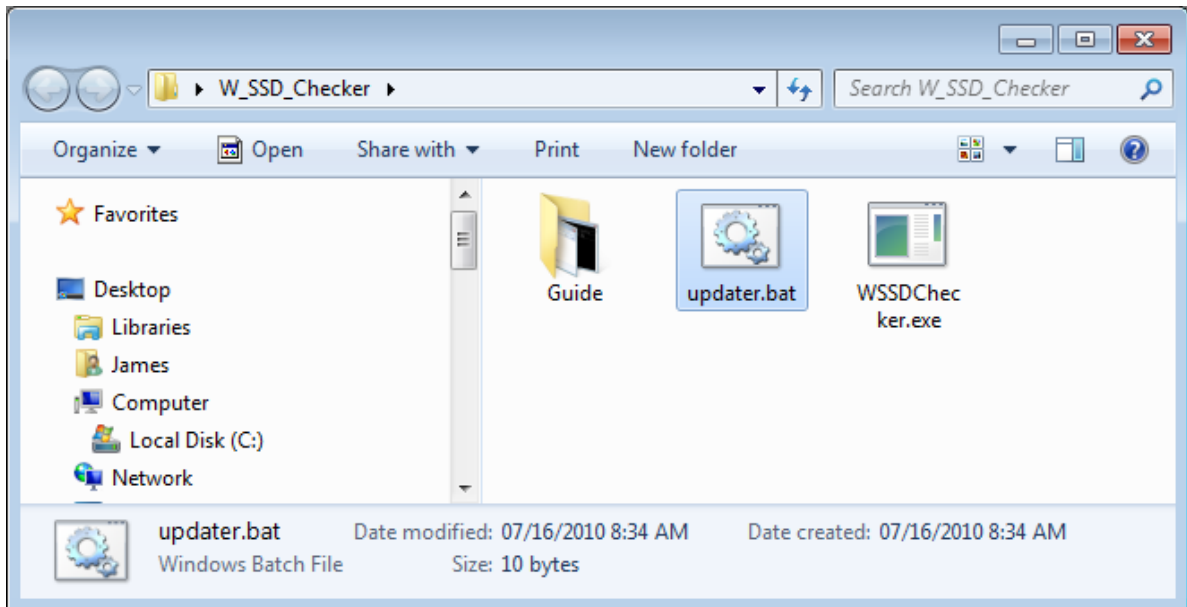

1. Unzip the downloaded file.

2. Doubleclick the WSSDChecker.exe file to run the program
3. You will see the following screen and type the drive number you want to check. Then press 'Enter' key

5. The previous screen will be closed in a second or two and new file of 'updater.bat' will be generated automatically in the same folder as below

6. Right click the updater.bat file and select 'Edit' to read the SSD ID code.

Please remember the ID code for your SSD for future tech support.
