Super Talent's patented PICO-C USB drives pack huge capacities into a tiny case. Half the size of an SD card, each PICO-C drive is smaller than the plug at the end of a USB cable! But tiny does not have to mean fragile or slow. Encased in a sleek and solid metal housing, no-compromise PICO-C drives are shock- and water-resistant to hold up under harsh conditions. Our line of PICO USB drives have won over 80 awards to date including being featured on the cover of Popular Science magazine.

- Handy: Extremely small and lightweight for easy portability
